

Jacob Cusatis

Analyst

PFM Swap Advisors LLC

Jacob joined PFM in January of 2023, and currently works as an analyst on the swap advisory team out of the Philadelphia office. In this role, he provides the swaps team with analytical support and technical analysis for various types of derivatives, including interest rate and commodity swaps. Jacob works with PFM project managers regularly and creates materials to assist them as their clients evaluate and seek to optimize their debt portfolios. He also provides the swaps team general assistance with modeling and data analysis for various complex projects.

Jacob attended Penn State University and received a Bachelor of Science degree in Energy Business & Finance, graduating in 2022. Prior to PFM, he was employed by Constellation Energy and worked in the natural gas sales department. There, he was a business development specialist who priced deals to sell natural gas commercially.
